From [Field Operations Guide](https://www.afa.org/membership/field-awards), Chapter 14:

<https://www.afa.org/membership/field-awards>

Chairman's Award for Aerospace Education Achievement Criteria:

The Chairman's Award for AE Achievement does not have to be awarded every year. This educational recognition will only be awarded when the Aerospace Education Council, as the recommending entity, identifies a deserving recipient, and forwards the recommendation for approval by the National Awards Committee. This award is for special or sustained achievement in support of the AFA education mission statements; namely, advocate for STEM Education and/or support and promote aerospace education. This award is designed to recognize international, federal, state or local government; industry; community partner; and scholarly enterprise, or any private or public business. This award can be awarded to an individual(s) or an entity or entities within the categories designated. AFA chapter and state organizations are not eligible for this award. Any AFA member and/or AFA National staff member may bring a worthy individual/entity to the attention of the AEC via this nomination form. The AEC will prioritize its recommendations and forward them to the AFA Awards Committee for final selection. This award shall be presented at the National Convention or the Air and Space Conference and Technology Exposition at the discretion of the Chairman of the Board.

NOTE: Submit fully completed nomination form to field@afa.org no later than 1 May wherein the nomination will be forwarded to the AEC for consideration.
